PATTERN NOTES

Pattern is worked in a multiple of 8 stitches plus 7.

Twist before joining, place round 1 out flat in straight line, and then fold back over itself and add the single twist to get the mobius shape.

This item does not have a right or wrong side.

Check over your lace rounds every 10 repeats and use a stitch marker to mark the last finished shell or picot to avoid missing one.

No matter what your yarn, blocking crocheted lace gives you the best results. To block a mobius shape, use an ironing

board or surface that allows you to work on one section at a time.

Join with slip stitch as indicated unless otherwise stated.
